Train a child in the way appropriate
for him, and when he becomes older,
he will not turn from it. -Proverbs 22:6

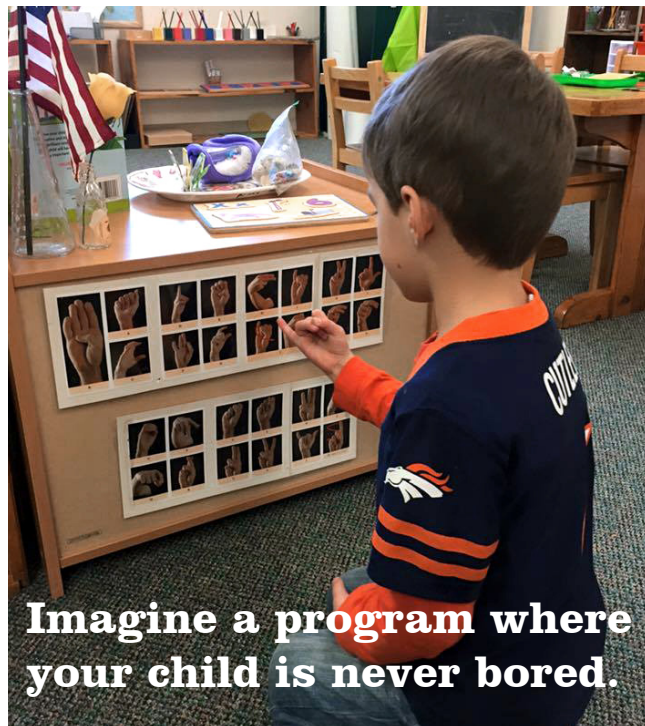

Imagine...

...a school where your child learns by doing, touching, seeing and feeling.

Self-confidence is built through problem-solving as well as confidence in God, as they realize they CAN do all things through Christ.

In fact, self-esteem is guaranteed as Kindergarten and Elementary students experience success in reading, writing, and math as the older students lead the younger ones and show-case what they are learning.

Imagine a program where your child is never bored.

They don't just sit and watch, listen, or read something off of a board, but are introduced to a variety of experiences and invited to touch and discover. Learning happens almost effortlessly.

Instead of learning simple reading and only 50 sight words, your child can learn up to 300 sight words, picking out parts of speech and developing beautiful handwriting.

Picture your child skip counting, recognizing, and writing numbers 0-9999 and adding four-digit numbers with ease. Knowing their planets, continents, countries of North America and their 50 states.

Imagine a program that meets your child right where they are and takes them as far as they can go.

Where the teachers love your child and works with them as an individual within the group.

You don't have to imagine that program... because we already have!

Why not choose a the very best for your child and give them the gift of Christian Montessori Education!
